

GOSIM Paris 2026

May 5-6, 2026 Station F, Paris

- Education

- 2001 – 2005: Bachelor degree at Peking University, Beijing.
- 2005 – 2009: Engineering degree at Ecole Polytechnique in Paris.
- 2009 – 2011: PhD in Applied Mathematics at Ecole Polytechnique in Paris.

- Work Experience

- 2012 – 2019: Assistant Professor (MCF) at University of Paris Dauphine, PSL University.
- 2019 – now : Associate/Full Professor at the department of Mathematics, the Chinese University of Hong Kong.

- Research Interests

- Optimization, stochastic modelling;
- Optimal control, differential game, optimal transport;
- Applications in finance, economics, neural network, machine learning, etc.

• Undergraduate Education

- Main curriculum unchanged.
- AI tools widely used for summarizing reading materials, language support, project writing, coding, etc.
- AI is allowed but need to declare.

• Graduate Education

- Literature review and synthesis.
- Data analysis, methodology design.
- Mathematical reasoning and checking.
- Model implementation, coding.
- Academic writing.

• Primary and secondary Education (primary school of my child)

- Not widely used in general.
- Presentation preparation.
- Language learning.

Thanks!
